PRESENTATION TO OD(SA) - 22 APR 82

The presentation to OD(SA) tomorrow will take place in the COBR which is not an ideal place for post-presentation discussions. SECCOS therefore suggests that at the end of the presentation you should propose "a move elsewhere" (he has made arrangements for the Cabinet Room at No 10 to be used) and this will provide a good opportunity to reduce numbers should you wish to do so. I suggest that only yourself plus the single-Service COS and SECCOS should attend the discussion at No 10.
