LOOSE MINUTE

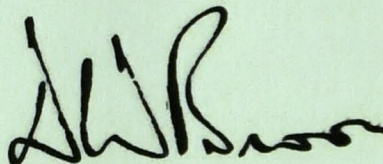

D Ops Staff 7/10/2A

SECCOSCopy to:
PSO/CDSCOS(I) 21 APR

At last night's COS(I), the agreed military view was completely reversed from leaving Amphibious Group at Ascension until 2 Para integrated (para 6 of Confidential Annex to COS 26th/82) to one of sailing the Amphibious Group tomorrow 23 April.

2. Unless this is officially recorded I believe there will be a dangerous gap in the record.
