OPERATION CORPORATE - OPERATION AND SUPPORT
PLANNING ASSUMPTIONS

The Secretary of State has seen CDS's minute of 22nd April and PUS's minute of the 26th April. He agrees with the broad assumptions which are set out in paragraph 2 of CDS's minute. As to the questions of bringing forward equipment, additional support measures and reprovisioning of stocks and reserves, the Secretary of State agrees that central co-ordination and ordering of priorities is necessary. He agrees that the work should be overseen by DCDS(OR) and his team, as proposed by CDS and that AUS(P&B)'s staff should, as PUS suggests, participate in order to ensure that cost factors are fully taken into account.
