FROM THE CHAIRMAN  
THE RT. HON. JAMES PRIOR, MP

Margaret

Aka Margaret.

I wanted you to know before you depart for S. Korea and Tokio, how much your presence and your speech were appreciated on Tuesday evening. Everyone I have spoken to since the dinner has been complimentary about the warmth and quality of your speech and how well all our efforts fitted together. In some respects they were wondering how we would react to each other, and I think they were pleased!

When you are back home to bid

it might be worthwhile for Arnold and myself  
<sup>not</sup> to have a quiet half hour with you one

evening. There are a number of important

issues in the manufacturing sector - for instance

Nuclear (P.W.P) power, tickets for B.R., the

competitive tendering policy of M.O.D. and of course

C.C.C. (Karey). Please accept we would not be

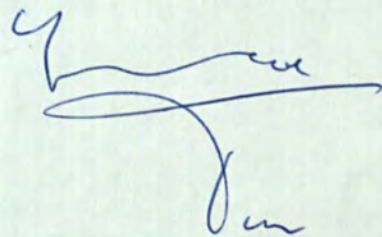

bothering you but it might be useful for you to have

our background views.

We were delighted to have Denis as well,  
and the evening was a resounding success. Again

thank you so much for all you have done for us,

and good luck.

10 DOWNING STREET

*From the Private Secretary*

12 May 1986

When you wrote to the Prime Minister on 1 May you suggested that you and Arnold Weinstock might come in for a quiet half hour one evening.

BF // The Prime Minister would be delighted to see you and suggests 1730 on 10 June.

(Charles Powell)

The Rt. Hon. James Prior, M.P.

l

MRS RYDER

Please see Jim Prior's letter attached.  
He and Arnold Weinstock want to have a  
quiet half an hour with her one evening.  
The Prime Minister has agreed. You will  
want to find time in the diary.
