OPERATION PARAQUET

This is to confirm that following your briefing last night I passed by secure means to No. 10 the information received about the progress of the preliminary operations for Paraquet.

2. I need hardly add that the Prime Minister and our own Secretary of State will wish to follow matters closely from now on. As a first step can I suggest that I be shown any further Paraquet sitreps and signals from CTG 317.9 and CTF 317.
