Memorandum

From: PSO/CDS

To: ACDS(Ops)

Date: 30 Apr 82

2035/1

INFORMING WASHINGTON

1. During a telephone call this afternoon Head BCSW asked me if we could give them the earliest possible warning of any significant event, as it is particularly helpful for our Ambassador to be ahead of the game.

2. I said I would put this to you, asking that you draw it to the attention of Duty Personnel in the DSC to inform the British Defence Staff of significant happenings at their discretion. There is a DSSS terminal in the Embassy; it will take about 30 minutes for the Duty Officer to be called out.
