Note of Action re: COS(Misc) 184/742/1 dated 30 Apr 82.

1. Brought this to notice of DS Int / Sec ACNS(O) and D Ops(S) RAF.
  2. DS Int has agreed to provide a separate note on limited distribution. This gets round special handling / need to know constraints.
  3. Requirements in other areas have been refined to some extent but not totally. Question of finding out what is available on the (US) shelf is taking time.
