COS MEETING - Agenda FLAG L

13. US Assistance FLAG M
- I attach ACDS(Pol)'s paper. I have written some cryptic notes on the end for the establishment of a "US ORC (instant)" by DCDS(OR). PSO thinks this should come downstream of the shopping list. PS/SofS thinks you and SofS should get together to discuss the handling of these requests.

MISCELLANEOUS

14. SofS Press Conference. 2000 hours tonight in the South Concourse. He is anxious for his face to be seen again though he has little to say. He would probably like to speak to you first but at the moment we do not think he would expect you to be present.
