RATIONALISED ROE

1. The draft OD(SA) paper at FLAG-M includes all your colleagues' comments and has been cross-cleared. FLAG-M is the FCO comments, annotated by the ND to indicate what has been covered.
2. Are you now content with FLAG-M?
3. The signals at FLAGs P and Q give effect to your instructions today about the CVA and the "Shad".

I think this is ^{the} terrible — Ministers want begin to understand it and haven't time to try.
