EXOCETS TO ARGENTINA

1. I understand that when you talked with "C", Tom Sneyd mentioned a 50% credibility with reference to the supply of ten Exocets through Brazil.
2. He asked me to get a DIS opinion. They are awaiting a signal from Air Attache Brazilia confirming or denying the arrival of the supposed freight aircraft. Until this signal is received they are not prepared to give an estimate of the story's credibility.
