PRIME MINISTER

INJECTIONS FOR KOREA

You have already expressed a disenchantment to have injections for Korea. But Dr Henderson has now got hold of a cholera and TAB booster which is as effective but much less painful than the proper thing. He does recommend that you have this booster, so may I please arrange?

Dear Tim,

Economic Summit, Tokyo

The Japanese Embassy have asked for the following information about the Prime Minister:

- ① Health Is there any particular information they should have about her health (we have passed on her blood group)?
- ② Food Is there any food she particularly likes or dislikes?

The Embassy have also asked for a photograph (6" x 4").

Yours Sincerely,

Colin Budd
