Memorandum

From: Maj I M Walden RM
SCDS(A)1

To:

~~COS Sec~~

Date: 12 Jun

LATEST SITUATION

Have spoken to Tim Doubin and agreed that although obviously you will get a full brief from CTF at Northwood, you would like to have some idea how things are going before you travel down into the PM.

Although Tim has some news now (1200) he expects more by 1400 when he will call me on the Secwe line. I should have an update for you when you arrive in office.

PS. from Duphrie:

First objectives secured (Phase 1),
Casualties light. All going well.
