THE PRIME MINISTER'S MEETING WITH INDUSTRIALISTS - 21 May 1985

1. The meeting which the Prime Minister is to have with industrialists in connection with "the Switch" originated with a suggestion that I made to her in one of my briefs for the Switch discussions.
2. I have given some advice to DES on the preparation of their brief for the Prime Minister for the occasion and I would hope to comment further to you when we see the final copy of the brief. In the meantime I would be grateful if you could let me know whether I can attend this meeting.

PP
SIR ROBIN NICHOLSON
Chief Scientific Adviser

Tane Lane
