CONTINGENT LIABILITIES

You will have seen my separate letter of today to John Mogg about ECGD's finances.

Concern about ECGD finances has prompted the Prime Minister to enquire what steps are taken to control and monitor the contingent liabilities entered into by Government. I should be grateful to have a report on this.

Bf being
dealt with
on Trade, ECGD
1/80.

The Prime Minister would also be grateful to know whether the monitoring arrangements identified the International Tin Agreement as a potential liability for Government.

(David Norgrove)

Richard Broadbent, Esq.,
H.M. Treasury.
