From the Private Secretary

7 July 1988

cf- // This is to confirm our conversation this morning: I look forward very much to seeing you here at 12 noon on Friday 22 July to discuss arrangements for Chief Buthelezi's visit. We also agreed that you would attend the Prime Minister's meeting with Chief Buthelezi at 0900 on 27 July.

You very kindly said that you would see whether any of your friends might be able to do something for Nicholas when he is in South Africa. He will be with the Renwicks in Pretoria from 11-18 July and thereafter with Ian Player (or contactable through him) for about a month or so. I am sure the best way to get in touch with him will be either through the Renwicks or the Players.

Charles Powell

Sir Laurens van der Post.
