This year we celebrate the 40th Anniversary of NATO.

It has assured peace with freedom for the last 40 years.

1

A strong and united NATO will remain just as vital in future.

64 Political solidarity and military strength provide the basis for dialogue, for East/West cooperation and for arms control.

2

Within these common goals, we reaffirm the Declaration of the NATO Summit of 3 March 1988 in Brussels. There we joined together in confirming that our strategy of deterrence depends upon an appropriate mix of effective nuclear and conventional forces which will be kept up to date ^{where} ~~as~~ necessary.

We welcome the forthcoming NATO Summit at the end of May in Brussels. We will do everything we can to make this a success for the Alliance and for us all. We have therefore agreed to work closely together to prepare the Summit and to meet again at the end of April for a personal talk. I have invited Mrs. Thatcher to my home ^{with} for this. J. ^{April}
